My dear Buchanan,

I have received your note
on my return from the Continent.

My first lecture is on Wednesday
at 2; but I can hardly advise

you to attend it, as it will be
merely of an introductory character.

But if you have no engagement
for Tuesday evening, I could
dine with us quietly at 8, we

should have an opportunity of
chatting over matters old & new
And if Mrs Buchanan is with
you, it would give us much
pleasure to see her also.

Very sincerely yours

Joseph Lister
